

HAVE FUN MAKING A DIFFERENCE

You can make a difference in the future of our students by playing in the TC3 Foundation's Fourth Annual Disc Golf Outing.

By becoming a sponsor or registering a team, you are supporting our general scholarship fund. Our students have more financial need than ever, and with your support the TC3 Foundation can assist our deserving students.

WHAT IS DISC GOLF?

Disc golf is played much like traditional golf. Instead of a ball and clubs, however, players use a flying disc. Players throw the discs at an above-ground target instead of a hole in the ground. There are different types of discs used for different purposes, much like traditional golfers use different clubs.

WHAT IS THE OBJECT OF DISC GOLF?

The object of the game is to throw a golf disc into the target, typically a basket (a steel basket over which chains hang), in the fewest number of throws.

The player begins by "driving" from a designated tee area and continues toward the target, throwing each consecutive shot from the spot where the previous throw has landed. Finally, a successful "putt" sends the disc into the target.
